### **B. Samsung Scholarship**

Worldwide electronics leader Samsung endowed a scholarship fund of \$5 million to be administered by The American Legion in 1996. Meant to show appreciation for U.S. veterans who came to Korea's aid during its struggle against communist forces in the Korean War, the Samsung American Legion Scholarship Program established a series of scholarships derived from interest and other income from the principal amount. In 2012, they estimate that they will award at least seven \$20,000 scholarships.

Each year approximately 200 Florida Girls State citizens apply for the Samsung Scholarship. We select one citizen to compete with Boys and Girls State citizens from across the country for one of the \$20,000 Samsung scholarships.

### **C. Girls Nation**

Since 1947 Girls Nation has provided aspiring young women leaders firsthand experience with practical insight into how the federal government works. Two girls are selected from each Girls State program to attend Girls Nation, where they become "senators" who meet for a week long immersive learning in Washington, D.C. Senators campaign for the passage of mock legislation, submitting bills and resolutions, participating in Senate sessions, holding a national convention, and electing officials such as President and Vice President. The participants meet with real-life national government leaders. The highlight of the week includes a visit to the White House where for most years, the American Legion Auxiliary Girls Nation senators have visited with the President of the United States. Special field trips include visits to the Arlington National Cemetery, Monument Tours, and a day on Capitol Hill meeting with State Senators and Representatives. While the event may happen once in a life-time, the memories made last a life-time!
