President's Message

WANDA BRANDT

Greetings Starfishes

This is my last Conch Charter newsletter to you all, I hope to see each of you at Department Convention, which is June 16-19th.

I was going to wait till convention and to speak about my travel's this year; however, the more I thought about it, the more I realize that you all did not want to listen to me for a few hours, talking, so here goes for the remaining year. Starting in February with **District 1**.

Meet **District 1st** President Kim Edens, and Pam Pannasch, President of **Crestview Unit 75**, at our hotel. Pam travel with us for the first 3 days. Our first visit was **Lynn Haven Unit 356**, Unit President Chris and Commander Charlotte, your hospitality the Legion Family showed to me was over whelming. I enjoyed the round table conversation with the members while hearing all about what they did for the community and our veterans, thank you for what you do every day. Our next visit was to **Southport Unit 375**, President Cheryl and the Unit members who are working hard for the community, and our veterans, while they are still trying to rebuild their home post after Hurricane Michael had destroyed it. Next stop was **Panama City Unit 392**, President Jennifer and Commander Mike, you guys were a delight, and we had a very enjoyable night, meeting the members and talking about the programs. You all work as a Family and this is what every post should be doing. It was such a great feeling.

Thursday, February 3rd, our visit took us to **Niceville, Unit 221**, where we met with members and discussed new ideas on how to raise money and how they can start working the programs again, with some new ideas. Next, we were off to Destin, Unit 296, President Renee had a group of the members from the family, I address all of their questions. They spoke about all the family working together, helping the community,

programs, and the veterans in Destin. They are excited to be sending one girl this year to Girl State. Our last stop of the day was **Ft. Walton Unit 235**, where I met up with Past District, President, Pat Carpenter, we had catching up to do. Then Unit President Anita arrived, after working late, it was tax season. We enjoyed talking about the programs and their plans of their Annual Valentine King & Queen Ball. The Ball is base on couples, who wish to be King & Queen, telling their stories and the best couple are voted on by the crowd, and crowned as King& Queen. Unit 235 will send 4 girls to girl state this year.

Friday, February 4th was cold and windy, we started today's visit at **Crestview Unit 75**. President Pam left us earlier that morning, to go to her unit and ensure everything was ready for my visit. Upon arrival, I was blown away, the decorations, great food, **Loris Vincent**, you have missed her calling. Everything was beautiful done, and the ideas that the unit came up with to raise money, is outside the box. Then we were off, to **Navarre Unit 382**, where we had a greet and meet with the family, we even played the Queen of Hearts, this is one group of ladies who know how to have fun and raise money. A few officers worked the bar for one day and raised \$2500, for Challenge 22. After that we check into Edens Palace for two nights.

Saturday was another cold day, and this is Florida, there is something wrong with this picture. Dressed for this cold morning we were off to **Pensacola Unit 240** where we met with President Amy, there were also six (6) juniors in attendance and PDP Edie Herrington, another person I had to catch up with, but that would have to wait a minute. As I challenged the members to encourage their Juniors and to get them involved with our programs, prior to them becoming teenagers. Just in (Pensacola) alone there is 42 juniors. Unit 240 will be sending 2 girls to Girl State. We next visit **Pensacola Unit 193**, home of National Security Chairman Constance Hendrix, for a unit meeting. The meeting was very informative, and a lot was accomplished. When we finished the meeting, we mixed and mingle with members, as we

Something to Think About

WANDA BRANDT

Something to Think About

Communication - Be sure the communication lines are open, letting members know that you want them to be a part of the organization. We work for our members. Celebrate It is extremely important to make time to celebrate individual members and team achievements. Recognizing where members have a sense of belonging to the organization.

Learn at Meeting-- Commit to learning and development our members, teaching about our programs, mentor our members and members will want to invest their time into our organization. Remove The Barriers- Sometimes, we over-complicate what should be an easy task. Take a look at our programs, and see what can be simplified.

I still believe in what I can do to make the organization stronger for we are a powerful voice within our communities. It is gratifying to know we are having a positive impact on our Veterans, their families, and our communities.

I believe we can grow if we focus, and ask ourselves, if this action we take, is it the best for the Unit, District, and Department? We need to learn how to work together and build each other up.

We are all different. We are of different races, genders, cultures and political ideologies. We look different. We talk differently. We have different ideas and philosophies. We are grounded in different cultural experiences. Different doesn't mean better or worse.

It just means different. All of us are created in God's image. I do not take that lightly. That is my deeply held conviction that every human being has honor and worth and deserves respect and dignity. Too often, attempts are made to emphasize the qualities that divide us instead of those that would tend to bring us closer.

We are going to disagree on many issues, but there is often common ground. Someone has to be willing to take that step into the common ground. Of course, there are going to be times when common ground cannot be found. That realization, however, should not cause us to hate each other. We should be able to recognize our different views on some issues and work for compromise of the organization.

Then at the end of the day, we must agree to disagree for the betterment of the American Legion Auxiliary
